John Cooper, President Rudex Broadcasting Limited Corp. 12272 Sarazen Place Granada Hills, CA 91344

Re:

Rudex Broadcasting Limited Corp. (RBLC)

KSDT(AM), Hemet, CA

Facility Identification Number: 36830 Special Temporary Authorization (STA)

BESTA-20200103AAL

Dear Mr. Cooper:

This is in reference to the request filed on January 3, 2020. RBLC requests a final extension of the STA granted on October 23, 2000, to continue operating from a temporary site to allow time to file the required FCC Form 302 application (due to loss of the licensed site in 2000). In support of the request, RBLC stated that it plans to complete construction and file the application before BP-20141124BHJ expires on July 31, 2020.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and RBLC may continue to operate using the following facilities:

<sup>&</sup>lt;sup>1</sup> KSDT(AM) is licensed for DA operation on 1320 kHz with 0.5 kW day and 0.3 kW night, and BP-20141124BHJ authorizes construction of four new towers at the new site.

Coordinates:

33° 44' 44.5" NL 116° 59' 58.5" WL (NAD 1927)

Frequency:

1320 kHz

Operating hours:
Operating power:

Unlimited 0.05 kW

Antenna:

temporary, roof-mounted whip

Overall height

38 feet AGL

RBLC must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on July 9, 2020.

Sincerely,

Joseph Szczesny, Engineer Audio Division, Media Bureau
